TASTING NOTES

Winery notes (NV)
"Since 1968, Laurent-Perrier has developed the mastery of a very particular and rare know-how in Champagne: the maceration of Pinot Noir. This process makes it possible to obtain the richest and most subtle expression of Pinot Noir. This wine is characterized by its ripe red fruit aromas, a high intensity and great freshness.

In 1968, Paris was in turmoil and Laurent-Perrier dropped a paving stone by launching a wine that was as surprising as it was creative: Cuvée Rosé in its shield bottle. Remember, more than 50 years ago, rosé champagne was not in vogue... Thanks to an uncommon spirit of innovation, Bernard de Nonancourt paved the way for a new generation of champagnes and gave its noble credentials to the category of rosé champagnes, by choosing a completely new wine, a maceration rosé.

A precise nose of extraordinary freshness and a wide range of red fruits: raspberry, redcurrant, strawberry and black cherry. A fresh and sharp attack for this supple and rounded wine. On the palate, it offers the sensation of plunging into a basket of freshly picked red berries."
