## TASTING NOTES

### The Real Review's Rising Star of the Year New Zealand 2025 Finalist (Top 3)

After spending a decade making wine in the Cahors region of South-West France, as well as collectively working forty plus vintages across nine different countries; Simon and Lauren have returned back to New Zealand to make wine under their own label 'A Thousand Gods'. Their aim is to make wines they can call their own, both representative of site, yet in their own way, surprisingly unique.

Working closely with their biodynamic grower in the Waihopai Valley of Marlborough, meticulously farmed grapes are hand-picked and undergo wild fermentation. No additions, fining or filtration processes are used. Instead, thoughtful guidance into becoming wines that are generous and approachable, yet also complex and cellar-worthy.

### Winery notes (2023 Vintage)

"An incredibly refined, elegant and age-worthy Sauvignon Blanc. Layers of detail, texture and fantastic length. Unfined, unfiltered, no added sulphites.

Our name is inspired by an expression in Occitan 'miladiou' (mille-dieux in French). **5 Stars & 95/100 Stephen Wong MW, The Real Review, November 2024** (2022 Vintage)

"New-wave producers who appear to be more celebrated in cool neighbourhoods of the USA and Japan than they are domestically, Simon and Lauren Sharpe have crafted a show-stopping wine with no added sulfites, from 100% sauvignon blanc grown organically at Churton vineyard. Carefully judged skin-ferment influence (it's not a full amber wine) and lees ageing with controlled use of oxidation has brought out impressive salinity and complexity rather than encouraging spoilage.

Cloudy light gold appearance. A plush and complex nose with soft layers of cloudy pineapple juice, nettle tea and chamomile which flow through to the palate before giving way to some spicy phenolics, emphasising the ripe flavours of sun-dried pineapple. Hints of coconut, straw and white pepper settle onto the zingy finish. Clearly low-intervention, with intriguing layers of savoury oxidative complexity interwoven with grapefruit pith phenolics and persistent tropical fruit. Deceptively long."
