TASTING NOTES

Brewery Notes
"It is commonly said that drinking beer is like pouring smiles on your brain. And we would have to agree that a great beer does make our brain happy! So we thought we would take our love for Hazy IPAs and bring that down to a slightly more session-able Hazy Pale Ale; still loads of hops and loads of juiciness, but a bit more moderate on the alcohol. Turn that frown upside down and pour some smiles on your brain."
