TASTING NOTES

This wine has depth, intensity and so much flavour. It's fresh with glorious notes of zesty citrus, delicate white flowers and a hint of honey. This is an archetypal Chardonnay from the Mâcon Villages in the south of Burgundy that uses different terroirs to combine minerality, delicacy and fruit expression.

Joelle Thomson, drinksbiz Magazine, April/May 2024 (2022 Vintage)

"France is the home of Chardonnay, and Mâcon (in the south of Burgundy) is home to many of the best-value dry whites in the world. This smooth, lightly creamy wine is made by the Cave de Lugny, a cooperative of over 250 winemakers in the Mâcon region, where warm rolling hills are home to Chardonnay vines and great value bottles, such as this one."
