TASTING NOTES

Brewery notes

"This series is all about celebrating how we are all so different yet still the same, our ode to complementary opposites! Yin and Yang. It's a flavour journey, crafting our Hero Hop into a deliciously dank West Coast IPA and a juicy fruity East Coast IPA. Step into the bold, crisp, dank world of West Coast IPA's. Traditionally higher bitterness & assertive hop character, delivers a punch of pine, resin, a hint of citrus & Tropical fruit flavours. A bright, clean finishing IPA, perfect for those who like a refreshing yet complex brew."
