TASTING NOTES

Brewery notes

"Here is some South African slang for you: Kief, means cool, great, awesome! For example; "Wow, this beer is Kief!" And of course we have popped some Motueka SubZero Hop Kief™ into this one to join the other Motueka hops, delivering a symphony of tropical fruit notes. This hazy elixir boasts a velvety mouthfeel where each sip is an exploration of mouthfeel where each sip is an explosion of FLAVOUR! That's Kief! Where craftsmanship meets refreshment."
