TASTING NOTES

Winery notes

"Dow's Fine White is produced from traditional Douro Valley white grape varieties and is fermented between 18-22 Celsius, without contact with the skins. Aged for an average of three years it is bottled when ready to drink and requires no further ageing.

Aged primarily in wood, Dow's Fine White is a rich golden colour and presents intense complex and rich nutty aromas. A certain amount of wine is not wood aged and is blended in to add freshness and fruit character. On the palate, balanced and smooth, with excellent acidity and a long finish. Serve chilled to enhance the crisp fruit flavours. Delicious served as an aperitif or with light desserts."
