TASTING NOTES

Distillery notes

"Hahei's botanicals are wild foraged and locally sourced, then steeped three times to create a clean, nuanced dry gin. Manuka leaf from Stingray Bay and Cathedral Cove seaweed meet kawakawa spice, aromatic kumquat and hibiscus to create the fragrant layers and pinkish hue of one of the most spectacular beaches on earth."

drinksbiz Magazine, October / November 2023

"A modern dry style gin. Freshly foraged botanicals from Hahei, on the Coromandel Peninsula, create a strong sense of nostalgia in this delicate gin. It has a New Zealand flavour of green spicy herbs, fresh seaside nuance and a blush of pink from coastal hibiscus. A limited edition triple gin that includes tarata (lemonwood) resin, mānuka blossom, sea lettuce, and eight million-year-old volcanic rock (Ignimbrite) in its creation."
