### TASTING NOTES

#### Brewery notes

"A hallucinatory, mind-bending, consciousness-expanding, dream-like experience is not what you'll find in this can. It's just a beer, man. But, this cloudy IPA does have a gnarly hit of Riwaka, Simcoe, and Mosaic hops, with a tropical citrus flavour, and a totally piney finish. At least it's a trip for your taste-buds. Far out."
