TASTING NOTES

Brewery notes

"The people have spoken. Presenting the Best Of FRESH 2024, as voted by our fabulous, fantastic FRESH Club members.

Lush in body, lush in texture, with a clean lager-malt sweetness, and just a touch of Citra in the whirlpool; the real action is in the dry hop, with Eclipse, Mosaic and Motueka making a bold citrus, pineapple, and stonefruit statement. This is a pretty beer to look at; a glowing 24k gold, with the faintest hint of hop cone green, pouring a striking dense, tight white foam which blooms even after it's in the glass, lingering and lacing its way down as you drink. Sweet pineapple, mango and tangerine greet the nose. The first sip a roller coaster of lemon and lime skittles, juicy grapefruit, punchy passionfruit, peach - and sweet mandarin. Beautiful bitter-sweet balance and drinkability, with a fantastic fresh citrus candy finish make May a tough act to follow.

What is FRESH? A rolling, ever changing series of new, brewery fresh IPAs, each unfiltered and unfinned, showcasing a unique combination of yeast, malt and hops. Just fun, fresh hoppy beer at its best."
