TASTING NOTES

Brewery Notes

"The monster hop has taken a new form. The same all-star cast of New Zealand grown Nelson Sauvignon and Rakau hops, now shrouded in haze. Juicy grapefruit, passionfruit and dank resin, fused in a swirling otherworldly Hazy IPA. The beast is back."

Michael Donaldson, drinksbiz Magazine October/November 2024

"Garage Project have taken their Pernicious Weed classic and given it a hazy new inflection. As the brewers say: "the monster hop has taken a new form". Loaded with the same New Zealand-grown Nelson Sauvignon and Rakau hops, the flavours of juicy grapefruit, passionfruit and dank resin are now fused in a swirling haze."
