### TASTING NOTES

#### Brewery Notes

"We're in multiplayer mode, teaming up with our friends Alvarado Street in the quest for the ultimate West Coast collab. This is Save State, brewed with Mosaic, Centennial, Simcoe and Strata hops for a bright golden IPA, with dense white foam, big tropical fruit, pineapple and juicy citrus aroma and the perfect balance of sweet malt and mouth watering bitterness. New wave West Coast IPA, with a replay value that'll have you coming back for more."
