TASTING NOTES

Brewery notes

"Big things sometimes come in little packages. Say hi to Tiny: Brewed with pilsner malt, golden naked oats, Mosaic, Strata and Simcoe, Tiny is specially fermented to give you all the big, juicy hop character you've come to expect from a Hazy IPA - just without the alcohol. Yup that's right. Big flavour, without the booze so you can enjoy your hazy anytime. Tiny, but mighty."
