### TASTING NOTES

Some of Sicily's, and indeed the world's, most exciting wines are grown on Mt. Etna, Europe's highest active volcano. This Etna Rosso is from 5 sites ranging from 650 to 800 metres above sea level. The mineral soils, old bush vines and late-ripening indigenous grape varieties yield wines of formidable structure and diversity.

Giovanni Russo, once a famed classical pianist, is considered one of the pioneers of Etna. The name "A Rina" refers to the sand that rains on the vines of Mt. Etna.

Etna, Sicily has become a hot spot for wine enthusiasts around the world so we are very fortunate to get our hands on this outstanding Red. Made from Nerello Mascalese and about 10% Nerello Cappuccio, this beautifully lithe wine shows that signature volcanic soil profile, with delicious wild strawberry and blue flower notes built on structured tannins that are energetic and integrated.

**94/100 James Suckling** (2021 Vintage)

"Plenty of citrus, orange peel, honey and beeswax with some pumice and volcanic soil character. Medium body, with firm and

integrated tannins that are energetic and integrated. Very pretty now but even better in three or four years. Drink or hold."

---

**93/100 Monica Lerner, Robert Parker's Wine Advocate** (2021 Vintage)

"This is the entry-level red from Girolamo Russo. Made with Nerello Mascalese and about 10% Nerello Cappuccio blended from various vineyard sites, the 2021 Etna Rosso 'a Rina offers terrific value with wild berry, blue flower and crushed stone over an elegant mouthfeel. The emphasis is on freshness and balance."
