Winery notes (2023 Vintage)

"Vibrant aromatics of blackcurrant, white pepper, subtle smoke and full red fruits with a vivid colour. The palate is full and spicy, with tightly knit tannins through concentrated fruit flavours. A sustained finish drinking well now and will reward cellaring!"

Among the earliest Syrah vines planted on the South Island, this hillside block was established in 2004 and covers less than three-quarters of a hectare on limestone slopes. Devoted solely to Syrah clone 470, it produces naturally small yields – just 200 cases in 2023. Hand sorted and destemmed into small open-top fermenters, the fruit was cold soaked for a week, left on skins for a month, and gently pressed to French oak barriques. After 14 months' maturation, it was estate bottled without fining or filtration. Now approaching 20 years of age, the vines bring a depth and structure that suggest real longevity in the cellar."
