TASTING NOTES

A superb, and utterly unique, pink-tinged gin. Infused with rose petals and cucumber as well as the normal botanicals.

The recipe for this Scottish gin was developed by its Master Distiller, Lesley Gracie, in 1999 when parent company William Grant & Sons was looking for a new spirit to add to its portfolio. It uses infusions of rose and cucumber to create its unique flavour profile.

Sarah Miller, drinksbiz Magazine, October / November 2024
"The use of cucumber and rose petal infusions give Hendrick's its distinctively delicate quality, which has become much loved by aficionados the world over. Its roma has a hint of floral alongside the juniper, while on the palate there is freshness from the cucumber and exotic Turkish Delight from the rose. Complex, smooth and refreshing."
