TASTING NOTES

Distillery notes

"The longer days and evenings call out for a light & crisp libation, with a playful lightness and wicked crispness. This new flirtatiously floral incarnation of Hendrick's is perfect for day-casions, such as brunch and enjoying the summertime.

Midsummer Solstice is a small batch, limited edition from Hendrick's Gin. Like a holiday romance or the lifespan of the mayfly, Midsummer Solstice is a poetic expression of temporality... once it's gone, it's gone forever. Let's celebrate the summer!"

drinksbiz Magazine, October 2020

"A variation on the much-admired Hendrick's Original house style from its creator, Master Distiller Lesley Gracie. This is the first release from her experimental projects, dubbed the 'Cabinet of Curiosities'. Inspired by the Summer solstice, when the Earth is at its maximum tilt towards the sun, the gin is infused with an array of floral essences, including orange blossom. A bright take on the original Hendrick's expression."
