TASTING NOTES

Distillery notes

"This pink gin is a masterful fusion of botanicals that offers a delightful sensory experience. The combination of bright citrus, luscious berries, and warming spices creates a balanced and inviting profile. It's perfect for those seeking a unique and adventurous gin tasting experience. Enjoy it neat or as the star of your favourite cocktail creations.

Upon the first inhale, the aroma is a harmonious dance of citrus and spice. Zesty mandarin and orange peel lead the way, offering a bright and invigorating introduction. Beneath, a subtle hint of ginger adds a touch of warmth, while cloves provide a gentle, comforting embrace. The initial sip is a symphony of flavours that unfold in layers. The lively burst of raspberry and blackberry provides a juicy, berry-forward profile, balanced by the refreshing tang of citrus. Licorice root brings a subtle earthiness and a hint of sweetness that lingers on the tongue. The fusion of these elements creates a well-rounded and harmonious taste experience. As the journey concludes, the spices come forward once again. Cloves, with their warm, slightly peppery notes, intermingle with the ginger, leaving a gentle, lingering warmth. The finish is smooth and inviting, yearning to be sipped again."
