TASTING NOTES

Winery notes (2024 Vintage)

"I Vigneri Etna Rosso is a pure, ancient and genuine wine. Winemaking is carried out in the Palmento, as has always been done on Mt. Etna, without refrigeration equipment and no aging in wood. Vineyard cultivation is done by hand using natural products. During winemaking, refrigeration and biotechnologies are not used. Transfer and bottling are carried out according to the phases of the moon."

92/100 James Button, Decanter UK, April 2025 (2024 Vintage)

"This has become one of Etna's most symbolic labels thanks to the work of Salvo Foti, who meticulously crafts unique terroir expressions and has spread his philosophy to others around the volcano. Vinified in the estate's restored palmento, this wine aims to recover Etna's winemaking past. The grapes are foot-trodden then macerated with skins and stems for over a week, and ageing is in amphorae for around six months. The 2024, a tank sample, is intense and bright, with vibrant orange zest and cherry allied to salinity on the mid-palate and a sapid finish. Quite tight and obviously youthful, it will reward a bit more patience. The 2023 vintage, in contrast, has more smoky, blood orange character."
