TASTING NOTES

The Kaapzicht (Cape View) Wine Estate covers 174 hectares in the Bottelary Ward in the world-famous Stellenbosch district of South Africa. The vineyards stretch over predominantly north-facing slopes on fertile granite soils with a climate that favours the cultivation of quality wine grapes.

All of the Kaapzicht and reserve Steytler wines are made from grapes grown on the property - making this a true Estate. The wines have won a multitude of accolades culminating in the the Steytler Vision 2001 winning the Trophy for Best Blended Red at the International Wine Competition in London in 2004.

Winery notes (2021 Vintage)
"The red gravel soil in our hallmark Pinotage blocks gives these vineyards their name — Rooiland (red land). Not only is Pinotage South Africa's very own grape, it was first planted down the road from Kaapzicht. As no other wine better shows where we came from or who we are, we craft the wine according to its classic style: intense, plush, and opulent.

This modern, yet classic style of Pinotage is our homage to South Africa's signature grape variety. Generous notes of blackberry, mulberry and blackcurrant are present on the nose, while rich oak and vanilla spice creates a lasting and textural finish.

Grapes are hand-picked from bush vines then crushed and destemmed into stainless steel tanks for fermentation. Biodynamic yeast is used to inoculate the fermentation to enhance and preserve terroir characters. After fermentation the wine is gently pressed and transferred to tanks for malo-lactic conversion. After completion the wine is racked to specially selected 300l barrels for ageing between 16 and 18 months. After blending the wine is aged in concrete tanks until bottling."
