TASTING NOTES

'La Boca' is a call to adventure, and an invitation to turn away from the mundane and step into a life rich in colour and culture. Where art sets the scene and music sets the pace to drink, dance and let go of inhibitions. This is one modern Argentinian winery that embodies the electric fusion of its namesake.

La Boca is sourced from vineyards in the Uco Valley, Argentina at elevations of up to 3500 metres. Purity and freshness is the key here with modern winemaking and very little oak.

This is absolutely bursting with luscious ripe fruits; from blue fruits to blackberry, it's all juicy fruits here on in. With mouth-filling tannins, that are not drying, just well balanced, the flavour continues and layers with sweet smoky spices with a lively unabated finish.
