TASTING NOTES

The influence of wild yeast, vineyard site, barrel-ferment and time on lees makes for a rich and textural style of Sauvignon Blanc. Fifteen months in French barriques has given this wine a well-rounded textural palate while still retaining freshness at the back of the palate.

Winery notes (2023 Vintage)

"The fruit for this wine comes from a small parcel in the Byrne vineyard, located in the Conder's Bend area of Marlborough. The vines are managed organically and are planted on gravels that would have once been a river bed. The stoney soils provide both drainage and heat retention which are essential for this cooler site.

The grapes were hand-picked, whole-cluster pressed and taken straight to French barriques without any chemical additions. It was fermented with indigenous yeast in the barrels, helping to add complexity and texture, without dominating the nose. The wine was left on yeast lees for fifteen months, which were stirred regularly. This meant that the yeast added both savoury notes and also served to work as a natural fining agent. After time in barrique it was gently racked then bottled without fining.
