TASTING NOTES

The Malfy distillery is in the Piedmontese town of Moncalieri in Italy. Established in 1906, Torino Distillati is run by the Vergnano family. Malfy is known for its use of coastal grown Italian lemons in its distillations.

Distillery notes

"Juniper, Sicilian Blood Oranges and 6 botanicals. Malfy Con Arancia's key botanical additions are Blood Orange peels sourced from Sicily. Blood Oranges are a prized variety in Sicily – and harvested in November – their rich red color develops from the cool Mediterranean nights. The Blood Orange peels are steeped in alcohol and pressed in a basket press. The infusion is then blended with juniper and other botanicals before being distilled in a stainless steel vacuum still."

drinksbiz Magazine, October 2020

"Sicilian blood orange peel in the distillation of this gin helps to create its deep ruby red colour. Aromas of orange blossom with a background of juniper; flavours of rich, bittersweet citrus with a long finish."
