TASTING NOTES

Brewery Notes

"Brewed cold with our house lager yeast, this one's for beer lovers who "get it" when it comes to smooth, clean brew. A thread of floral and citrus notes over a cracker-like malt base melds with Centennial, Simcoe AND Citra hops for well-integrated bitterness. It all makes this the one to crack open after cruising the coast with the top well and truly down."

Michael Donaldson, drinksbiz Magazine October/November 2024
