TASTING NOTES

Brewery notes

"When is NZ Pilsner actually a Pilsner? When it's Sea Spray Dry-hopped Pilsner! Brewed like a proper pilsner but macrodosed (in whirlpool and dry-hopping) with Riwaka and Nelson Sauvín. This makes for a lean, crisp, lager base with big, green, dank oily notes backed with delicate passionfruit for a clean, dry smashable beer with enough bitterness to keep you coming back for more."
