TASTING NOTES

Brewery notes

"Aotearoa - Land of the long white cloud, a name said to be given by Maori voyagers who first sighted these shores - Is a home to an abundance of heavenly hops.

This New Zealand Pale Ale showcases the distinctive hop characteristics of Aotearoa New Zealand. Featuring a bright, balanced hop profile with vibrant citrus flavours, leaning towards lemon and lime zest, complemented by subtle floral and herbal notes in the background.

The new experimental hop variety NZH 111, supplied by NZ Hops Bract Programme, adds a delicate touch and harmonises beautifully with Motueka and Pacifica, all on a crisp and clean Pilsner malt canvas.

Sips like a ride on a long with cloud - smooth, refreshing and effortlessly enjoyable!"
