### TASTING NOTES

You absolutely loved the previous vintage we offered on deal a few months ago, and since then we have had countless requests to bring it back. Unfortunately that vintage has now completely sold through, but we have managed to secure the same incredible deal on the new 2023 vintage, and we think it is an even better wine.

*To recap...*

This is an unbelievably exciting Mystery Deal and quite possibly one of the best opportunities we have ever seen on premium organic Central Otago Pinot Noir. Seriously, this is a beautifully charming, effortlessly drinkable Pinot from one of Central Otago's leading producers.

---

We cannot reveal the label just yet, but once it lands on your doorstep or you see it in store, it will all make perfect sense. One thing is certain, this is a wine that was never meant to be selling at \$19.99.

---

Beautifully fruit driven yet effortlessly drinkable, it opens with dark cherry, roasted nuts and a touch of spice, leading into a soft, supple and gently savoury palate. Made with the same care as the producer's top single vineyard releases, it delivers well above its price point. As a bonus, it also sports one of the most eye-catching labels in the market, making it just as impressive on the table as it is in the glass.
