TASTING NOTES

Nampe Torrontes is a white wine from the Argentine region of Mendoza. The wine is made from the Torrontes grape, which is a native varietal of the country. The Torrontes grape is known for its fruity and floral aromas, and the wine has a light and refreshing taste. The palate is full of flavour with a touch of sweetness and a long, pleasant finish, the perfect wine to enjoy with friends and family.

Winery notes (2021 Vintage)

"Intense floral aroma (roses and jasmine) and fruit aromas (grape and white peach). Fresh, young, and complexly fruity. Great potential."
