TASTING NOTES

Kiwi brothers Chris and Stewart Reid founded Reid + Reid Dry Gin in 2016, inspired by the thriving UK craft distilling scene. Based in Martinborough, they produce two gins and a dry vermouth.

Distillery notes

"Hand crafted and small batch distilled in a bespoke copper pot still, Reid + Reid Native Gin is a unique New Zealand gin created in Martinborough by Stew and Chris Reid.

After a two year mission to forage the landscapes of NZ for aromatic native plants that best compliment a classic dry gin, the brothers settled on Kawakawa, Manuka and Horopito making it a quintessential New Zealand gin.

Tasting Notes: Juniper and floral notes followed by citrus. Peppery and ginger spice on the palate and a vibrant, aromatic finish."

drinksbiz Magazine, October 2020

"A dry gin with a fresh, peppery aroma thanks to horopito and kawakawa (also known as 'bush basil'). It has a rounded, smooth mouthfeel and a warming finish."
