### TASTING NOTES

**#1 Rated Pastry Stout on Untappd Community Awards 2023**

New Zealand's only alien craft beer. Made in Halswell, Canterbury. There's a story unfolding one can at a time...

#### Brewery notes

"It's got a toffee nose and will melt any stiff upper lip. Imagine a caramel éclair dissolving from the tip of your tongue to your tonsils. A guilty pleasure. Find somewhere quiet and keep this to yourself. SHHHHH, it's a secret."
