TASTING NOTES

An English craft distilling company specialising in small-batch artisan gins. Warner's operates from a 200-year-old barn on Falls Farm in the village of Harrington, Northamptonshire. It uses the farm's natural spring water in its spirits.

Disitillery notes

"Warner's (formerly Warner Edwards) Lemon Balm gin is made using hand-picked botanicals from our Botanical Gardens on Falls Farm, which are distilled fresh within an hour of harvest. We are self-sufficient in our Lemon Balm Gin's three core botanicals: lemon balm, lemon verbena and lemon thyme.

On the nose green leafy citrus with hints of vanilla and cocoa butter before honeyed pine. The palate has an elegant texture with bright fresh leafy notes, floral citrus and some spice of cardamom and nutmeg. On the finish a light sweetness with vanilla-mint, crisp citrus, a hint of ginger and menthol pepper.

Savour with Mediterranean tonic water, garnish with your favourite herb, then raise a glass with us: to craft, to the land, to laughter and loved ones."

drinksbiz Magazine, October 2020

"A fresh, herbaceous and zesty dry gin that uses key botanicals freshly harvested from Warner's own farm surrounds, where they grow lemon balm, lemon verbena and lemon thyme."
